Zadanie: <https://www.wechall.net/challenge/Hirsch/Zebra/index.php>

Treść zadania:

Help! A zebra escaped from its enclosure. But where is it now?

Na pierwszy rzut oka widać, że zebra ma na sobie kod kreskowy, dlatego wygooglowałem „barcode scanner online” i skorzystałem ze strony <https://products.aspose.app/barcode/recognize#>

Po zeskanowaniu obrazka otrzymałem odpowiedź: saFFari
